

Work, Health & Safety Policy

Baleen Filters' management and employees are committed to providing a working environment that controls any exposure to health and safety issues.

As a priority, we believe in the process of identifying, assessing and controlling risks and hazards which may affect employees, contractors and visitors.

Our primary objective is to provide all employees and contractors with information, instruction and training in all aspects of health and safety as it relates to our workplaces both onsite and offsite, as we strive to exceed compliance standards throughout our operations.

We are committed to:

- Consultation with our employees and contractors in seeking their input for a safer workplace;
- Ensuring an open forum for continual improvement;
- Continuous improvement in health and safety performance and the prevention of incidents and injuries;
- Compliance with all relevant legislation and regulations relating to health and safety, in addition to any other relevant industry codes of practice, guidance notes and best practice guidelines.

The overall responsibility for health and safety rests with the Managing Director who has delegated responsibility for upholding our safety commitments to managers, and employees alike.

Our employees apply a duty of care by complying with our policy.

Yuri R. Obst BE(Chem) BSc MAICD

Managing Director
Baleen Filters Pty Limited
